Social security cover to workers

1778. SHRI K. RAMA MOHANA RAO: Will the Minister of LABOUR AND EMPLOYMENT be pleased to state:

(a) whether it is a fact that Planning Commission has recommended for introduction of a universal scheme for providing social security cover to all workers engaged in the informal and unorganized sectors; and

(b) if so,the details of the recommendation?

THE MINISTER OF LABOUR AND EMPLOYMENT (SHRI K. CHANDRASEKHAR RAO): (a) and (b) The Planning Commission have so far not recommended for introduction of an universal scheme for providing social security cover to all workers engaged in the informal and unorganized sectors. However, in the Tenth Plan document, it has been stated that "A legislative and administrative framework has to be created for significant coverage of the unorganised sector by social security cover".

invention of Tsunami Warning System

1779. SHRI RAVULACHANDRASEKAR REDDY: Will the Minister of OCEAN DEVELOPMENT be pleased to state:

(a) whether it is a fact that the Indian Experts have invented a Tsunami Warning System which would be operational in the near future;

(b) if so, the details thereof; and

(c) the time by which it would start working?

THE MINISTER OF STATE OF THE DEPARTMENT OF OCEAN

DEVELOPMENT (SHRI KAPIL SIBAL): (a) and (b) No, Sir. However, the Government is setting up a Tsunami and Storm Surges Warning System with the available expertise suited to India at an estimated cost of Rs. 125 crores with the following components:

- Strengthening of the existing seismological network to indicate near real time occurrence of a tsunamigenic earthquake.
- Installation of tsunami warning sensors close to the ocean bottom at appropriate locales in the Indian Ocean, with real time connectivity.
- Tide gauge and data buoys networking.
- Modeling of the inundation scenarios for the entire coast.
- The establishment of a centre for collection of the information, analysis and generating status advisories.

(c) The system is expected to be operational in about $2^{1/2}$ years.

Tsunami Warning System in Indian Ocean
